

**TETON**  
WATERS RANCH

**MADE WITH 100%  
GRASS FED  
BEEF**

**FOR ALL YOUR FRESH AND PROCESSED GRASS FED NEEDS**

## **PASTURE RAISED — THE WAY NATURE INTENDED**

Founded on a ranch in the Teton Valley of Idaho in 2009, and now based in Colorado, Teton Waters Ranch has become the fastest growing brand of 100% grass-fed and finished beef that families can serve at every meal. Teton Waters Ranch is the only grass-fed and finished

beef brand that is Certified Humane, and continues to pioneer clean and convenient protein for today's lifestyle. Teton Waters Ranch is committed to creating a better future from the ground up by being better for the planet, better for the animal and better for you.

- **CERTIFIED HUMANE**

- **HOLISTIC PASTURE MANAGEMENT**
- **SIMPLE INGREDIENTS**
- **GLUTEN FREE**
- **NO NITRATES OR NITRITES**
- **NO SUGAR ADDED**
- **GREAT SOURCE OF PROTEIN**

# MORE THAN JUST EXCELLENT TASTE.

We take pride in producing delicious beef products with clean ingredients, but we've gone further in our commitment to enable a healthy lifestyle – for both you and our cattle.

We're happy to say that our cattle:

- ✔ Are never fed grain
- ✔ Are never given hormones or antibiotics
- ✔ Are treated with care and allowed to behave naturally

Every one of our products meets the Humane Farm Animal Care Program standards. This means our cattle live on a nutritious diet without antibiotics or hormones; are provided shelter, resting areas, and sufficient space; and enjoy the ability to engage in natural behaviors. [certifiedhumane.org](http://certifiedhumane.org)

All of our products except our Maple Breakfast Sausage have no added sugar. Only clean, good for you ingredients.

Our Burger Blends, Hot Dogs, and many of our Dinner Sausage and Breakfast Sausage varieties are approved by the Whole30 program. [whole30.com](http://whole30.com)

All of our Burger Blends products are verified to only contain ingredients not derived from GMOs by the Non-GMO Project. [nongmoproject.org](http://nongmoproject.org)
